custom homes

Design smart. Build beautiful.

The Cameron

3,399 SQUARE FEET | 3 BEDROOMS | 3.5 BATHS

THE CAMERON is a two-story cottage overflowing with a warm sense of nostalgia. A feeling of familiarity is created by historical detailing on the porches and dormer windows of the exterior. The first-floor interior is designed to reach an artful balance between open floor plan family living and the privacy of a master bedroom suite. Flexible spaces include a second-floor media or play room and the option for a finished room over the garage to accommodate an office or guest retreat. The Cameron recreates the feel of an original homestead rich with history, while at the same time providing the favored design elements of a custom home.
